importance of pulling the Pre-Employment Screening Program and how it detected items that did not show up on any detailed background report.

March Speaker

Topic: Size and Weight Violations

Phil Pettit, Field Operations Supervisor in the Motor Carrier Division of the Texas Department of Transportation.

He is primarily responsible for size and weight violators. He has been asked to cover his department's intervention process as it relates to size and weight violations. This is a great opportunity for us to hear TxDOT's perspective as well as learn how we can get more compliant.

Please invite your associates who would benefit by hearing this topic.

New Member Recruitment

Bring a new member to the council meeting. If they join, you will be entered in the contest for the most NEW members recruited. \$250 will be given away at the end of the year to the individual that brings in the most NEW members

February Highlights

Special Agent David Wallace with the NICB gave an educational presentation about Cargo theft in the DFW area. He educated us on types of theft rings that are working the metroplex and moving products to the East coast. He said that the East side of the metroplex has been getting hit extremely hard. He showed examples of items recovered from those captured. These items ranged from keys, to slide hammers, to switches used to start the ignition without a key. He gave industry "Best Practices" to assist companies from being victimized.

The Guests were recognized and the Community Service Project was announced for remainder of the quarter.
